PROFESSIONAL SUMMARY

Motivated Information Technology student with strong computer literacy, B2 English, and hands-on academic project experience in front-end web development. Comfortable using digital tools, online platforms, Git/GitHub, VS Code, and Microsoft Office. Detail-oriented, adaptable, and quick to learn new systems, with an interest in entry-level IT support, front-end development, and technical support roles.

TECHNICAL SKILLS

Web Development: HTML5, CSS3, JavaScript, responsive design, mobile-first layouts

Programming Fundamentals: Python, Java, C, C++, C#, basic SQL

Tools and Platforms: Git, GitHub, VS Code, Microsoft Office, online platforms

IT and Computer Skills: fast typing, computer literacy, basic troubleshooting, file management

Communication: email communication, chat communication, documentation, teamwork

PROJECTS

Smart Home IoT System - IoT & Cloud Computing Final Project

- Developed an academic smart home IoT system for temperature and humidity monitoring with remote device control.
- Used a Python device simulator, MQTT messaging, FastAPI backend, and Azure PostgreSQL for data storage.
- Worked with REST endpoints, Swagger documentation, Postman testing, JWT authentication, and basic cloud deployment concepts.

XDrive Website - Front-End Developer

- Developed a responsive multi-page website for a fictional vehicle rental company using HTML5 and CSS3.
- Built a mobile-first page structure with clear navigation, a working contact form, and responsive layouts for desktop and mobile screens.
- Practiced front-end fundamentals including semantic HTML, CSS styling, layout structure, and user-friendly page organization.

Personal Portfolio Website - Web Developer

- Designed and developed a responsive personal portfolio website using HTML5, CSS3, and JavaScript.
- Implemented interactive user interface features including dark/light mode toggle and smooth scrolling.
- Structured the website to present personal information, technical skills, and projects in a clear and accessible way.

EDUCATION

Bachelor's Degree in Information Technology - Collegium Da Vinci

Poznan, Poland | October 2023 - Present
